

WHY YOU SHOULD CHOOSE NAVMAN WIRELESS

In 2001, Navman Wireless was the first company to make vehicle tracking technology accessible to thousands of businesses.

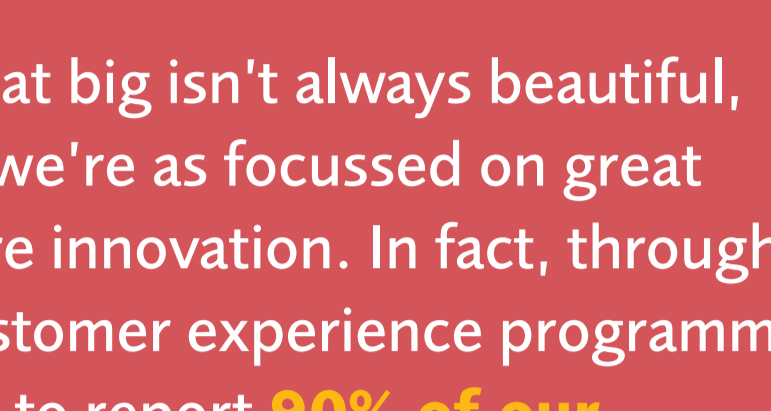

We're now a **global leader** in fleet management and are the **most chosen vehicle tracking provider in the UK.**

Our team of more than **300 people** serve our **16,000+ customers** from 16 locations throughout **Europe, America, Asia and Australasia.**

That means our technology is now installed in

190,000 vehicles worldwide!

90% SATISFACTION RATE

But we know that big isn't always beautiful, and that's why we're as focussed on great service as we are innovation. In fact, through our ongoing customer experience programme we're delighted to report **90% of our customers** say they are **more than satisfied** with the service they receive.

CARRY ON READING TO FIND OUT WHY WE BELIEVE YOU SHOULD CHOOSE NAVMAN WIRELESS...

REASON #1

Our Cutting Edge Technology

At the very heart of our uncompromising commitment to both quality and service is **OnlineAVL** – our market leading fleet management system. It's the platform that powers all our solutions and is used to track more than **190,000 vehicles worldwide.** We believe no other supplier invests more time, effort and money into ensuring their software is as resilient, powerful and flexible as **OnlineAVL.**

WE INVEST £4M* ANNUALLY TO ENSURE OURS IS THE MOST CAPABLE PLATFORM AVAILABLE.

*Navman Wireless 2013 R&D

REASON #2

Future-proofed Vehicle Tracking

WE HAVE A DEDICATED TEAM OF 70 PEOPLE WORKING IN R&D!

With a team of over 70 people working on R&D alone, you can rest assured that you're always a step ahead with Navman Wireless. We constantly listen to customer feedback to ensure that our products are regularly updated with all the functionality needed to make life better and easier.

REASON #3

The Most Reliable Telecommunications Support

Rather than use less reliable conventional dial up links, we link directly into our data carriers over dedicated lines. That means with us, downtime is not an issue. Our private lines also mean that your vehicle information is as **safe as it can possibly be.**

OUR SERVERS ARE HOUSED IN A FORMER MINISTRY OF DEFENCE SITE WITH 24 HOUR GUARDS, CODED BIOMETRIC ACCESS AND 24/7 CCTV MONITORING!

REASON #4

The Most Flexible System on the Market

Not all businesses are the same and that's why our product range offers **flexibility** and **choice** ensuring that your system is tailored to your needs and achieves the strongest return on investment.

BUSINESSES ARE DIFFERENT, THAT'S WHY WITH US YOU CAN TAILOR YOUR SYSTEM TO YOUR SPECIFIC REQUIREMENTS SO YOU'RE NOT PAYING FOR FEATURES YOU DON'T NEED.

REASON #5

Archived Vehicle Tracking Reports At Your Fingertips

With Navman Wireless, you can access historical vehicle tracking reports for up to two years after the event.

If you need data older than 24 months all you need to do is ask us and we'll provide this for **free!**

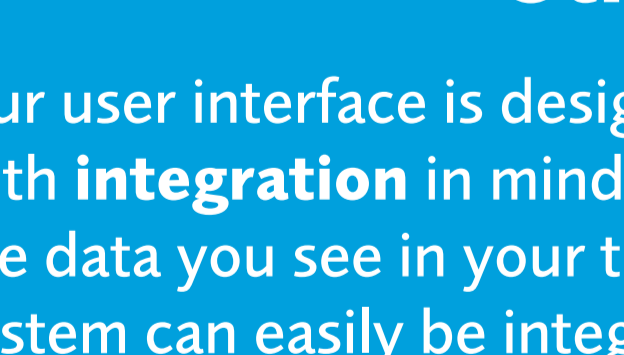

WE DON'T THINK YOU SHOULD HAVE TO PAY FOR DATA REPORTS TWICE.

REASON #6

Market Leading Customer Support

We believe our customer support is **market leading.** All our customers receive access to rapid response technical support, regular updates on product features and even advice and support on wider business issues, like how to introduce a vehicle tracking system to your drivers.

WE ALSO OFFER ONE-TO-ONE ONLINE TRAINING AND HAVE A TRAINING CENTRE FOR OUR CUSTOMERS.

REASON #7

Integrates Easily With Other Software

Our user interface is designed with **integration** in mind. All the data you see in your tracking system can easily be integrated into third party applications. This means you can link it in with other fleet management and business systems.

THERE ARE MORE THAN 80 INTEGRATIONS READY TO USE!

REASON #8

The most versatile and customisable fleet management solution

When your needs are more complex than standalone vehicle tracking, Navman Wireless has a wide range of enhancements allowing you to tailor make a system that's just right for your business.

Driver focussed enhancements include integrated satellite navigation, panic buttons and private mileage switches. As well, our vehicle and business enhancements include European roaming or integration with existing vehicle equipment, such as temperature monitoring or when a skip pick up is activated.

WITH US, VEHICLE TRACKING IS ALWAYS THE PERFECT FIT FOR YOUR BUSINESS.

To find out more about our vehicle tracking technology, either get in touch with us or explore www.navmanwireless.co.uk for more useful resources and interesting content.
